Authorization for this examiner's amendment was given in a telephone interview with James C Wray on June 08, 2006.

The amendment was done to delete and add subject matter in the claims to place the case in condition for allowance.

The application has been amended as follows:

In claim 1, line 7, after " table," , delete - - in which said means act upon a working point situated in the supporting plane of the offset plate on the positioning table,-

-.

In claim 3, line 3, - - first and - - was entered after "the".

Allowable Subject Matter

Claims 1 – 6 are allowed.

The following is an examiner's statement of reasons for allowance:

With respect to claim 1, the prior art does not teach or render obvious the total combination as claimed including a device for positioning at least one offset plate comprising reference at least two reference points situated on a positioning table and further comprising a positioning arm which is attached to a fix hinging point with respect

to said reference points comprising two mutually hinged parts allowing movement of an element to each reference point.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
